Notes	Description
1	Rates are reviewed on an ongoing basis and are subject to change without notice. Rates are reviewed and approved by the Federal Government and may be adjusted retroactively in order to ensure compliance.
2	Hourly rates displayed. Actual usage is tracked by monitoring system and charged per minute. We reserve the right to charge for unused, reserved time. We reserve the right to charge for reserved equipment time if cancelled less than 24 hours before the start of the reservation.
3	Staff hourly rate only. Applicable equipment rates may be added as necessary for training or consultation on any instrument.
4	Charged per day. Multiple entries during the same day allowed.
5	Equipment located within Flexible Clean Room (FCR). FCR charges applied in addition to usage of equipment.
6	Equipment located within Nanopatterning Clean Room (NPCR). NPCR charges applied in addition to usage of equipment.
7	Displayed rates: Peak rate daily 08:00-18:00 / Off-peak rate daily 18:00-08:00.
8	Daily rate includes staff charges. Not to exceed 1 cool-down per day.
9	<p>Indirect costs (IDC) allow Stanford University to recover certain expenses not covered through user fees. The IDC rate (56.5%) will be associated with the account setup and applied at the time of billing.</p> <p>Important: SNSF is part of the NSF-funded National Nanotechnology Coordinate Infrastructure. Stanford University has agreed to encourage external usage by offering a lower IDC rate of . Qualifying users include those from: a. non-Stanford, U.S. academic institutions; b. U.S. government funded national laboratories and will be eligible for the “NNCI Waived Academic Rate” set to 8%.</p> <p>Note: IDC rates are subject to change. Please check: https://doresearch.stanford.edu/research-administration/proposal-preparation-submission/rates#facilities-and-administrative-(f&a)-cost-rates for updated rates and further information.</p>
10	The reduced external rate is available to users from outside educational institutions, US Government Labs and non-profit (501(c)) organizations.
